

NARUIFAN

Company Profile

NARUIFANG

NARUIFAN is a dynamic foreign trade enterprise specializing in personal and household care products. Committed to providing high-quality, eco-friendly, and safe hygiene solutions, we serve global markets with a comprehensive range of washing and care products. Headquartered in TAIZHOU, we leverage a strong supply chain, strict quality control, and a professional international trade team to offer one-stop sourcing solutions for our clients.

Our product portfolio includes shampoos, body washes, hand sanitizers, laundry detergents, and household cleaning products. All our products comply with international standards, and we provide customized solutions to meet diverse market demands. We prioritize the use of environmentally friendly and safe ingredients, promoting sustainability while enhancing consumers' quality of life.

With a customer-centric approach, NARUIFANG adheres to the principles of “Integrity, Quality First, and Win-Win Cooperation.” We are continuously expanding our global footprint, with business operations covering [Target Markets, e.g., Europe, North America, Southeast Asia]. We look forward to collaborating with partners worldwide to create a brighter future together.

Vision & Mission

Vision: To become a global leader in personal and home care, delivering effective, safe, and sustainable solutions to consumers worldwide.

Mission: Harnessing the power of nature to safeguard healthy living and connecting the world through exceptional quality.

Why Choose Us?

Cutting-Edge R&D

Partnering with [renowned laboratories/universities], we continuously develop innovative products aligned with global trends, such as carbon-neutral solutions and specialized formulas for sensitive skin, driving sustainable industry growth.

Uncompromising Quality

Adhering to ISO 9001, GMPC, and other international standards, every batch undergoes rigorous third-party testing to ensure safety, eco-friendliness, and compliance.

Global Support

Our expert multilingual team provides end-to-end cross-border trade services, from consultation and customization to after-sales support, empowering clients to expand effortlessly into international markets.
